

AWARDS

Students' scientific session represents the corollary of the IBE students' scientific activity, trained by the teachers of our Faculty.

The students have bold research subjects, high-leveled ones from the informational and scientific point of view, as they go on studying the highly interesting topics of the lectures and seminars, with a view to the graduation exam.

This year, the undergraduates' scientific session has been organized on two sections and 19 students going to be awarded with prizes as follows:

Name and surname	Awards
PENA SILVIA	I
TÂRNĂCOP RADU	I
